OBJECTIVE

Frontend Web Developer with hands-on experience building responsive and interactive web applications using JavaScript and React. Experienced in API integration, reusable UI components, responsive design, and version control. Strong foundation in programming, problem solving, and algorithmic thinking.

Technical Skills

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap, Responsive Web Design, DOM Manipulation

APIs & Web: REST APIs, JSON, Fetch API, Local Storage

Tools: Git, GitHub, VS Code, Postman, npm, Figma

Programming: C++, Java, Python, R

Design: UI/UX Fundamentals, Wireframing, Prototyping

Education

Faculty of Computers and Data Science — Alexandria University

Bachelor's Degree in Computer Science — Current Student

Relevant Coursework: Data Structures, Algorithms

Training

Digital Egypt Pioneers Initiative (DEPI) — React Frontend Developer

Current

Ongoing training focused on React frontend development, responsive interfaces, reusable components, and modern web development practices.

National Telecommunication Institute (NTI) — Frontend Development Training

June 2026 – August 2026

Practical training focused on frontend development, responsive interfaces, JavaScript, React, Git/GitHub, and web application development.

Languages

Arabic — Native | English — Fluent | French — Intermediate

Activities

Organizing Committee (OC) Volunteer

- Assisted in planning and executing faculty events and competitions.
- Coordinated with team members and supported event activities.

ICPC Participant

- Participated in algorithmic problem-solving contests.
- Practiced data structures, algorithms, and competitive problem solving.

Core Strengths

- Problem Solving & Algorithmic Thinking
- Attention to Detail & Clean UI Implementation
- Fast Learning & Adaptability
- Team Collaboration & Communication
- Time Management

Professional Development

HTML Essentials — Cisco | Jun 2026

Foundations of User Experience (UX) Design — Google | May 2026

Java Web Development — MaharaTech – ITI | Jun 2026

SQL — DataCamp | Jun 2026

Exploring Artificial Intelligence — IBM | Jun 2026

Programming Using Java — almentor | May 2026

OOP — almentor | May 2026

Projects

Portfolio Website

Responsive personal portfolio showcasing projects, skills, services, and contact information, with dark/light mode and Arabic/English support.

Tools: HTML5, CSS3, JavaScript, Bootstrap

GitHub: <https://malakhany-max.github.io/Portfolio/>

SkyCast — Weather Application

REST API-based weather application with current weather, forecasts, search suggestions, and detailed weather metrics.

Tools: HTML5, CSS3, JavaScript, Bootstrap, Weather API

GitHub: <https://malakhany-max.github.io/Weather/>

GamePulse — Game Review Platform

Interactive game platform with categories, filtering, sorting, favorites, and Local Storage for persistent preferences.

Tools: HTML5, CSS3, JavaScript, Bootstrap, REST API, Local Storage

GitHub: https://malakhany-max.github.io/Game_Review/

CRUD System

Web-based CRUD application for creating, reading, updating, and deleting structured records through an interactive interface.

Tools: HTML5, CSS3, JavaScript, Bootstrap, Local Storage

GitHub: <https://malakhany-max.github.io/CRUD/>

Food Recipes

Responsive recipe interface focused on organized content presentation, reusable UI sections, and user-friendly navigation.

Pinkissed Store

E-commerce style frontend project emphasizing product presentation, responsive layouts, and clean visual hierarchy.

Tools: React.js, JavaScript, HTML5, CSS3

GitHub: <https://malakhany-max.github.io/Food/>

Fokir

Redesigned and implemented a responsive landing page using HTML and CSS, focusing on layout accuracy, typography, section structure, and polished frontend styling.

Bakery

Responsive bakery website demonstrating semantic HTML, CSS layouts, reusable sections, and responsive design principles.

Healvi — Health & Wellness Web App

Health and wellness platform concept combining personalized calorie and meal planning, workout features, progress tracking, daily check-ins, streaks, statistics, and an AI Coach experience.
